

TABLE OF CONTENTS

Book	50
Introduction	6
Chapter 1: Introduction and Neurology	7
What Is Dysarthria?	7
Classifying Dysarthria	8
Causes of Dysarthria	9
Neurology of Dysarthria	13
The Corticobulbar Highway System	15
Summary	16
Site of Lesion Related to Type of Dysarthria and Impact on Function	17
Chapter 2: Evaluation of Dysarthria	23
Framework for Assessment	23
Assigning Codes to Diagnoses	25
Assigning Evaluation and Procedural Codes	26
Goals of Evaluation	27
Instrumental or Perceptual Evaluation	28
Approaches to the Perceptual Evaluation	30
Perceptual Dysarthria Evaluation (PDE) Overview	31
Instructions for Perceptual Dysarthria Evaluation (PDE)	32
Form A	32
Form B	34
Form C	34
Informal Physiologic System Evaluations and Form D	37
Form E	39
Dysarthria Treatment Plan Documentation	41
Commercial Tests and Rating Scales	42
Chapter 3: Planning Treatment	45
How Do You Know When to Treat?	45
Framework for Management	47
Instrumentation	49
Determining What to Work On	49
Where Patients With Dysarthria Are Treated	50
Treatment Planning From a Physiologic System Approach	54
Type of Dysarthria Overview	55
Treatment Objectives	55
Disorder-Based Charts	55
• Spastic Dysarthria	56
• Flaccid Dysarthria—Multiple Etiologies	57
• Flaccid Dysarthria—Myasthenia Gravis	58
• Flaccid Dysarthria—Trigeminal (Vth) Nerve Lesions	59
• Flaccid Dysarthria—Facial (VIIth) Nerve Lesions	60
• Flaccid Dysarthria—Vagus (Xth) Nerve Lesions Pharyngeal Branch Involvement	61
• Flaccid Dysarthria—Vagus (Xth) Nerve Lesions Superior and Recurrent Laryngeal Branch Involvement	62
• Flaccid Dysarthria—Vagus (Xth) Nerve Lesions Superior Laryngeal Branch Involvement (Not Recurrent)	63
• Flaccid Dysarthria—Vagus (Xth) Nerve Lesions Recurrent Laryngeal Branch Involvement	64
• Flaccid Dysarthria—Hypoglossal (XIIth) Nerve Lesions	65
• Unilateral UMN (UUMN)	66
• Hypokinetic Dysarthria	67
• Hyperkinetic Dysarthria—Tremor	68
• Hyperkinetic Dysarthria—Chorea	69
• Hyperkinetic Dysarthria—Dystonia	70
• Mixed Dysarthria—Spastic/Flaccid	71
• Mixed Dysarthria—Spastic/Ataxic	72
• Mixed Dysarthria—Hypokinetic/ Spastic/Ataxic	73
• Ataxic Dysarthria	74
• Aprosodic Dysarthria	75
Chapter 4: Respiration	77
Respiration (RSP) Goal and Treatment Objectives	78
Treatment Techniques to Achieve Treatment Objectives	80
Respiratory Support Problems and Causes	85
Chapter 5: Phonation	87
Treatment Alternatives	88
Phonation (PH) Goal and Treatment Objectives	90

Treatment Techniques to Achieve Treatment Objectives	91	Participation Goal	136
Phonation Problems and Causes	95	Treatment	136
Chapter 6: Resonance	97	Treatment Objectives	137
Flaccid Dysarthria	97	Applying Skills in Functional Situations	139
Spastic Dysarthria	97	Chapter 10: Dysarthria in Children	143
Treatment	98	Causes and Course	143
Resonance (RSN) Goal and Treatment Objectives	98	Types of Dysarthria and Sites of Lesion	147
Treatment Techniques to Achieve Treatment Objectives	99	The Evaluation Process	147
Resonance Problems and Causes	104	Treatment	151
Chapter 7: Articulation	105	Motor Learning	153
Articulation (AR) Goal and Treatment Objectives ...	106	Intelligibility, Comprehensibility, Efficiency	154
Treatment Techniques to Achieve Treatment Objectives	109	Prognosis	154
Resistance Exercises/Strengthening	110	Augmentative and Alternative Communication (AAC)	155
Increasing Tone	112	Conclusion	155
Improving Accuracy	112	Equipment and Suppliers	156
Stimulating Production of Individual Sounds	113	References	157
Other Helpful Techniques	114	CD Rom	
Compensatory Techniques	114	Chapter 2: Evaluation of Dysarthria	
Articulation Problems and Causes	116	Perceptual Dysarthria Evaluation (PDE)	1
Consonants Classified by Manner, Place, and Voicing	117	Form A	1
Chapter 8: Prosody	119	Form B	2
A Closer Look	120	Form C	3
Efficacy	123	Form D	4
Prosody (PR) Goal and Treatment Objectives	124	Form E	5
Treatment Techniques to Achieve Treatment Objectives	127	Dysarthria Treatment Plan	6
Prosody Problems and Causes	132	Informal Evaluations	
Chapter 9: Intelligibility, Comprehensibility, Efficiency, and Environment	133	Respiration	7
Participation in Activities	134	Phonation	8
Environmental Factors	134	Resonance	10
Signal-Independent Information	136	Articulation	11
		Prosody	13
		Grandfather Passage	16
		Questions to Elicit Conversational Speech	17
		Words for Reading or Imitation to Assess	
		Articulation	18
		Sentences for Reading or Imitation to Assess	
		Articulation	19

Chapter 4: Respiration		Ending Z Blends	65
Breathing Exercises	20	Voiceless vs. Voiced Consonants in Words	67
Chapter 5: Phonation		S and SH Contrasts	69
Voice Exercises—Facilitation Techniques	21	Omission of L Consonants in Blends	70
Nonsense Syllables—Voiced/Voiceless	22	Omission of S Consonants in Blends	72
Words and Phrases/Sentences Starting With Vowels	23	P and F Contrasts	74
Chapter 6: Resonance		B and V Contrasts	75
Phrases/Sentences Beginning With Open Vowels . . .	24	Chapter 8: Prosody	
Phrases/Sentences Balanced With Nasal and Non-Nasal Phonemes	25	Multisyllabic Words	76
Phrases/Sentences With Nasal Phonemes	26	Multisyllabic Phrases and Sentences	80
Phrases/Sentences Beginning With Non-Nasal Pressure Consonants	27	Alphabet Boards	82
Chapter 7: Articulation		Contrastive Stress (Marked)	85
Beginning P	28	Contrastive Stress (Unmarked)	90
Ending P	30	Lexical Stress (Noun/Adjective and Verb)	92
Beginning K	32	Lexical Stress (Compound Word and Two Words) . . .	94
Ending K	34	Questions	95
Beginning F	36	Intonation Patterns	96
Ending F	38	Declarative Sentences and Interrogatives	98
Beginning V	40	Happy, Sad, and Surprised Sentences	99
Ending V	42	Chapter 9: Intelligibility, Comprehensibility, Efficiency, and Environment	
Beginning CH	44	Improving Communication—Tips for the Communication Partner	100
Ending CH	46	Improving Communication—Speaker Strategies . . .	101
Beginning J	48	Alphabet Board	102
Ending J	50	Activities for Improving Intelligibility, Comprehensibility, and Efficiency	103
Beginning L	52	Activity 1: Barrier Activities	104
Beginning L Blends	54	Activity 2: Monologues	105
Beginning S	56	Activity 3: Conversation	114
Ending S	58	Chapter 10: Dysarthria in Children	
Beginning S Blends	60	Perceptual Dysarthria Evaluation (PDE)	116
Ending S Blends	62	Pediatric Form A	116
Beginning Z Blends	64	Pediatric Form B	117
		Pediatric Form C	118
		Pediatric Form D	119
		Pediatric Form E	120
